Ms. D'Andre:

I am responding to your request for records from the Alaska Child Support Services Division. Attached is a listing of the top one hundred cases with the highest balances in our state. The number of open cases with our program varies from month to month; however, there are typically 47-49,000 cases open at any given time.

Alaska statute allows an interest rate of six percent per annum for child support orders issued in this state. The interest is charged on any unpaid balance. Some of the listed cases are from other jurisdictions and they may or may not have interest charges depending upon that jurisdictions laws.

Sincerely,

A handwritten signature in cursive script that reads "Amanda Sizemore".

Amanda Sizemore
Child Support Specialist II
