RE: Records request

Dear Ms. D'Andre:

Thank you for your letter dated February 27, 2017 in which you requested certain records from the Child Support Enforcement (CSE) Program. Please be advised the request was reviewed by staff attorneys, and we are unable to comply with your request. Information from individual cases is not subject to review by persons not connected to the administration of the CSE program unless specific legal authority exists to release the information. Even if the names are not released, releasing the account balances from individual cases we administer may be in violation of federal and state law. You have a right to administrative or judicial review of this decision pursuant to Neb. Rev. Stat. Sec. 84-712.03.

Sincerely,

A handwritten signature in blue ink that reads "Sam Kaplan".

Sam Kaplan, CSE Program Specialist
Child Support Enforcement
Department of Health and Human Services
