Carla,

Please find the answers to your questions below and attached.

1. The number of open cases with the Child Support Program in the State.

In FFY2016, the Child Support Program administered 160,294 child support cases. This includes 38,803 Receipting Services Only cases.

2. The top 100 cases with the highest balances due in the State. For example, #1 – \$1+ million, #2 – \$975k and so on.

See Attached

3. Clarification on the amount due. Does it represent support due or support plus interest (if in judgment)?

Idaho does not charge interest. If another state has included interest in their orders that Idaho helps to enforce, it would be included.
