Carla D'Andre

Subject: **Public Records Request**
Economic Services Administration (ESA)
Request ID# 201702-PRR-863

Dear Ms. D'Andre:

Your public records request made to DSHS was forwarded to the Economic Services Administration Public Disclosure Unit on February 17, 2017, to review and reply. This letter further responds to your request.

You ask for records regarding the Division of Child Support:

1. The number of open cases in the State of Washington
2. The top 100 cases with the highest balances due
3. Clarification on the amount due

The available responsive records I found are enclosed. They are being provided to you with no redactions and at no charge. In response to number three of your request – Washington State does not charge interest so all of these are just for child support.

This completes the ESA Public Records Unit's response to your request. If you disagree with this response, complete the enclosed DSHS/ESA Appeal Form and return it to our office. Please use the above Request ID# when contacting me about this request or if you need other records. If you'd like to email any future public records requests for ESA records, our email address is esaprr@dshs.wa.gov.

Sincerely,

Rebecca Taylor, Public Records Specialist
DSHS ESA Public Disclosure Unit
