Dear Ms. D'Andre,

Attached per your request, is a listing of the top 100 cases with the highest arrears balances in Wyoming. You will see there are three columns to the spreadsheet. The first column represents the arrears balance with no interest, the second column represents the interest that has been charged (if any) and the third column represents the arrears balance plus the interest due.

It should be noted that Wyoming does not currently charge interest on accounts but will collect the interest on behalf of another state or custodial parent that presents our office with a judgment with interest.

Wyoming has a total of 27,966 cases in our caseload as of March 31, 2017.

Please let me know if I can be of further assistance.

Thank you,
